

Esbjerg, May 2013

**Declaration regarding RoHS – EU directive 2011/65/EU
Restriction of the use of certain hazardous substances in products supplied by Setiket A/S**

Dear Customer.

We hereby confirm the absence of Lead - Pb (0,1%), Mercury - Hg (0,1%), Cadmium – Cd (0,01%), Hexavalent Chromium - Cr 6+ (0,01%), polybrominated Biphenyl – PBB (0,1 %) or polybrominated Diphenyl – PBDE (0,1%) in all products produced and supplied by Setiket A/S unless otherwise clearly stated on order confirmation, delivery note and invoice.

The above declaration is based on currently available information retrieved and received from our suppliers.

We are aware that some customers may require detailed information or individual declaration for products produced and supplied by Setiket A/S in regard to this and other regulations.

The investigation of specific part numbers and issuing of individual declarations requires a lot of manual work and is very costly for us and not a part of the essential and mandatory obligations under the directive.

Due to this, the management has decided to charge a service-fee of DKK 750,00 / EUR 100,00 per part number investigated.

In case you want us to investigate specific part numbers, we kindly ask you to list these in an excel spreadsheet and forward this together with an authorized PO covering our service-fee to the attention of Mrs. Lene Dahl at ld@setiket.com.

We trust that you understand our policy regarding this issue and are looking forward to our continued good cooperation in future.

Best regards

Setiket A/S

Lene Dahl
